

Technical drawing of a mechanical part, likely a valve or fitting, showing a cross-section. The drawing includes dimensions: a total width of 108, a central width of 92, and a height of 63. The top section is circular with a central hole of diameter 30 and a smaller hole of diameter 80. The bottom section has two circular features, possibly ports or mounting holes.

Technical drawing of a mechanical part, likely a lamp base, showing a cross-section with dimensions. The part has a circular top section with a central hole, a base with two mounting holes, and a flange. Dimensions include a total height of 73, a base width of 108, and a central hole diameter of 40. A 50-degree angle is indicated for the base profile.

Technical drawing of a mechanical part, likely a valve or fitting, showing a cross-section. The drawing includes dimensions: a central hole of 40φ, a larger hole of 97φ, a base diameter of 92, and a total height of 115. A small circular feature is labeled '35'.

Technical drawing of a circular mechanical part, likely a flange or base plate. The drawing shows a top view and a side view. The top view is a circle with a central hole. The outer diameter is 152, and the inner diameter is 55. The thickness of the part is 36. The side view shows a cross-section of the part, indicating a flange with a thickness of 137. The drawing includes dimension lines and numerical values for these measurements.

Technical drawing of a circular mechanical component, likely a pump or motor housing, shown in a side view. The drawing includes the following dimensions:

- Overall width: 106
- Overall height: 78
- Base width: 140
- Base length: 155
- Internal circular feature diameter: 30
- Mounting flange diameter: 63

The component features a central circular opening with a diameter of 30. It has a mounting flange with a diameter of 63 and a base with a width of 140 and a length of 155. The overall width is 106 and the overall height is 78.

Technical drawings of the TSC-1000 electronic scale. The top drawing is a front view showing a digital display with a 7-segment readout showing '0.00', a 'tare' button, and a 'mode' button. The bottom drawing is a side view showing the scale's profile with dimensions for height and width.
